

## NanoCanada - Nanotech Japan Virtual Mission

NanoCanada invites you to participate in a virtual trade mission to Tokyo, Japan. Nanotech Japan is one of the largest technology conferences and exhibitions in the world. Last year over 47,000 visitors attended with 468 exhibitors from 22 different countries exhibiting ([www.nanotechexpo.jp](http://www.nanotechexpo.jp)). This year we are pleased to showcase our members on the exhibition's online platform. The NanoCanada team leverages significant support from provincial and federal organizations and has a strong international network that is used to develop valuable programs and meetings. NanoCanada also offers turn-key planning and handles the logistics before, during, and after missions.

### Tentative Agenda

Date	Activity	Location
November 3, 2020	Information session/pre-event meeting	Zoom
November 16, 2020	Sector briefing, meeting with Canadian Trade Commissioners and provincial officers	Zoom
